

The applicant must attach to this application as Exhibit 1 a chart detailing the positions to be created or retained as a result of the proposed project. Using the following format, list each position reasonably anticipated to be created or retained by the proposed project, and provide the number of projected jobs in each position to be created or retained, the number of projected hours for each position per year, and the average hourly wage to be paid for each position. Occupation titles should be taken from the Iowa County Data - Iowa Wage Surveys data published by Iowa Workforce Development available at <http://www.iowaworkforce.org/LMI/occupations/wages/county/>

Occupation	# of jobs created	# of jobs retained	# of hours per year	Average hourly wage to be paid
Architecture and Engineering Occupations	4	0	80 hours per worker	\$25.34
Construction and Extraction Occupations	27	0	1,600 hours per worker	\$17.41
Material Mover	1	0	700 hours per worker	12.90
Truck Driver	1	0	600 hours per worker	14.34
